

MEMBER CHECKLIST

- 1. I understand all safety rules. Including that all firearms must have actions locked open or chamber flags inserted. The only time it is appropriate to have the action closed on a firearm is when it is on the firing line and pointing down range. *(This rule does not apply to CCW weapons on your person. However, if you choose to shoot your carry gun while at the range it must be un-holstered at the firing line. Repeated drawing from a holster is prohibited.)*
- 2. I understand the rules on rifle ammunition. I agree to check all FMJ rifle ammunition on the magnets either in the clubhouse or in the shooting stalls. If I have any questions on rifle ammo I know to ask the Range officer on duty. If a range officer is not on duty I understand that the Club has an agreement with the staff of Pro Armament Co and I may ask them any questions about rifle ammunition for use on the range.
- 3. I understand that I am responsible for my guests. If any of my guests violates a club rule it is my responsibility.
- 4. Rules and regulations are provided at the club or at the club's website. I have copy of the rules & regulations and I fully understand them.

I understand that a violation of a safety rule or rifle ammunition rule will result in the immediate revocation of my membership without refund.
